

SPORT AIRCRAFT 2020: Static Aircraft Display – Registration Form

Warbirds Over Wanaka 2020 is displaying Sport Aviation aircraft (eg gyrocopters, microlights, homebuilts, replicas, experimental aircraft) to complement our air and ground programmes. We expect up to 60 aircraft will be displayed outside for the public to view, with relative exhibits in the Sport Aircraft hangar. Please note there will only be a small contingent of sport aircraft flying during the Airshow.

We invite you to participate as a static display and will provide you with 3-day general admission tickets for two people – this is valued at \$378. You may upgrade your passes at the Airshow if you wish to.

Please provide information below about your display, so we can give spectators an opportunity to learn more.

Please have your aircraft in place no later than 5pm on Thursday 9 April 2020. You will need to be onsite from 7.30am to 4.30pm on the Friday, Saturday and Sunday of the Airshow. Security is provided from Thursday evening until Sunday evening. Your aircraft will be outside on the grass and security is provided from Thursday evening until Sunday evening. Participants are required to have Third Party Insurance for your static display aircraft.

Participants will be expected to work with the Organiser of the Sport Aircraft Association (SAA) to promote Sport Aviation at the Airshow.

Warbirds Over Wanaka cannot provide you with accommodation. Please see www.lakewanaka.co.nz for places to stay and camp grounds. If having problems contact bookings@lakewanaka.co.nz or the WOW Office.

Please have your registration form in as early as possible. On return we will advise more details and confirm your display has been accepted. Greg Doran is the SAA Facilitator for all static aircraft displays inside and outside the hangar. Greg's contacts are: **027 221 6105** or gfdoran@gmail.com

We look forward to having you here and thank you for participating.

Mandy Deans
Event Manager
